

## Regional GIS

- Sept 21, 2016 a Mid-Shore GIS Committee meeting was held at Chamber of Commerce in Easton, MD. Representatives from the ESRGC, City of Cambridge, Dorchester County, Axis Geospatial, Michael Baker Consulting, Eastern Shore Land Conservancy, Caroline County, Queen Anne's County, Kent County, ESRI, and Choptank Electric were present.

Updates were offered regarding recent activities of the counties, non-profits, private industry and ESRGC.

Discussions included:

Blight study underway in City of Cambridge (a collaboration with Dept of Geography at SU), certification of operators and use of drones in Queen Anne's County, RPF put out for Broadband network that would serve all of Queen Anne's County, asset management work for Dept of Public Works in Caroline County, parcel viewer being launched in Kent County that will allow citizens to look of information about a parcel prior to buying, heavy lift ahead for new GIS hire in Dorchester County to bring County up to speed with technology and data, new 2016 aerial imagery has been flown for Eastern Shore and is being quality checked.

Attendees were:

- Lauren McDermott, ESRGC
- Katy Maglio, ESRGC
- Mary Buffington, ESRGC
- Logan Hall, ESRGC
- Kenny Miller, Michael Baker
